CENSORSHIP OF BILLS

Will Cost St. Louis Theatre Sixty Thousand Dollars A Year if the Ordinance Now Under Consideration by the Municipal Assembly Is Put Into Effect

Theater managers are preparing to spend a large sum in connection with the St. Louis ordinance which, if approved, would place a heavy tax on all theatrical and vaudeville houses in the city. Under the terms of the proposed ordinance, all photographs, illustrations, or other written matter, and all music, sound, and stage effects, of any kind, shall be submitted to the city censor for examination before they can be exhibited, and unless approved, shall not be shown.

The proposed ordinance would also require all theatrical and vaudeville houses to keep a register of all the persons admitted to their premises, and to furnish a copy of the same to the city clerk on request.

The managers of the St. Louis theatres are expected to appeal to the state supreme court to have the ordinance declared invalid.

THE VOICES OF THE PEOPLE

PUNCHIN' HIS TICKET

A vaudeville theatre manager from the East, who visited the St. Louis area recently, said:

"I don't understand why the St. Louis ordinance is so unpopular. It seems to me that the theatre managers are just being a little bit greedy. They want to charge the public extra for the privilege of seeing a show. But what about the safety of the audience? The ordinance is just a way of making sure that everything is safe for the audience. And it's not just the theatre managers who are benefiting from this ordinance. The city is also making some money from it."

An Artistic Triumph
A BALLET ENTITLED
"IN ANCIENT GREECE"

LENGTH: 410 FEET

In view of the evident revival of interest in dancing, this film will be a winner. Greece, in her palmy days, led the world in all the arts, and Terpsichore, the Goddess of the Dance, is said to have taught her devotees the poetry of motion. Never since those days has dancing equaled the exquisite grace of that of the Grecian dancing maidens until now, when Mousseline P. Najevrockska, of the Opera, and Mary, of the Opera Comique, of Paris, give an exhibition of such transcendent gracefulness and rhythm that the spectator is moved to an ecstasy of wonder and delight.

HAVITIN'S THEATRE, ST. LOUIS, WILL Continue To Present The Same Class of Attractions that has Made it One of the Steadiest and Most Prosperous Theaters in the Country from the Point of Patronage.

EXHIBITOR'S PRAYER

Oh, thou great and good Film Exchange Man, from whom we
receive the films with which we gladden the hearts of the multi-

 multitude who, with their children and their children's children, come to
the close of each day to new homes of amusement to leave with
us their cares and sorrows and peace of mind, we beg of thee not to send us those films upon which we are weary of the dust of ages, and which obscure the bright light of our own
here, and which flood the spirit of our patrons with a rain storm
equal to the one that fell on the Ark stranded on Ararat; but we pray thee to send them to the CHICAGO FILMEXCHANGE—yes, even to the portals of 172 Green St., Chicago,
where, though their status are as works, they be made
cleaner than snow. Do this for us. O thou great and glorious Film Exchange Man, and thine
shall be all the glory. AMEN.

MUSIC AND THE STAGE

By W. H. Ogden

THE BILLBOARD, February 23, 1917

EDITORIAL

Upto the Least of These

It was only another instance of the overflowing kindness of stage people, but these outings are becoming more and more a regular part of the stage year. The New York Drama League, the S. E. H. L. E. M., and the M. A. T. Y. S. are among the many groups that have been taking advantage of the offerings of the season, and doing it in a manner that has been most heartening.

The Doctor's visit to the Children's Hospital was a wonderful thing. It is the second time that this has been done, and it is the sincerest hope of the management of the hospital that this may become a yearly event.

The Society of Authors, in its generosity, has taken upon itself the task of providing a series of plays for the benefit of the Children's Hospital. This is a wonderful thing, and it is hoped that this may become a regular feature of the season.

Legislation Needed on the Question of Stage Children

The problem of the welfare of the children of the stage is one that is constantly being brought to the attention of the public. It is a problem that is not easy to solve, and it is one that requires the attention of the public and the government.

The stage children are naturally of a special class, and they require a special kind of care. They are not like the children of the streets, and they require a special kind of protection.

Scout of the Professional Persuasion Indulges Himself and The Billboard’s Readers in the Discussion of Affairs and Personalities of Interest to All

By TOM NORTH

It is not a bit peculiar to remark that the music industry is in a strange state at the moment. I don’t get it very well. I have never heard of it before. I mean, I don’t know what to pay for it.

It is a matter of fact, however, that there are many who are very much interested in the present state of affairs. The music industry is in a strange state at the moment.

This is not to say that the industry is not prosperous. On the contrary, it is quite prosperous. But it is in a strange state. It is not what one might expect.

There are many who are much interested in the present state of affairs. They are very much interested in the music industry. They are very much interested in the present state of affairs.

The clavichord and the string we now,

And our clavichord is the big, silver.

WHO?
Nailed the Flag up—First?

Was it the dashing Peary? Or the intrepid Doctor Cook? Somebody HAD to be first. Which of these two merry and patriotic Americans WAS IT?

As a people we are about equally divided. Some say "Cook" and stick to it. Others are equally emphatic in maintaining that it was Peary.

The point is that there is a discussion about it in which all the people of this country are very vitally interested.

Now, Mr. M. F. Exhibiton, please apply this fact to your own business.

In your town there is, or ought to be, one theatre catering to the whole, peculiarities, tastes and desires of the Motion Picture going public.

To fully satisfy their wants you MUST have PREMIER FILM SERVICE.

Make no mistake about it—don't "kid" yourself into believing that by the use of inferior and unbalanced Film Service you can retain their patronage and become a "successful one."

These days exist no more, and must your SERVICE is now open for your town—why not assure yourself against a Cook-Peary-like controversy, and be the first to install the unexcelled service WILL YOU BEAT YOUR COMPETITION TO IT?

THOROUGHLY COMPETENT VAUDEVILLE BOOKING AGENTS

With a good theatre following. One for CHICAGO and one for KANSAS CITY, MO. I will furnish the best located office in Chicago, with complete equipment, on a commission basis. None but the best will be considered. Give full particulars in first letter. REMINGTON, care of The Billboard, Chicago, Ill.
WE HAVE DECIDED TO ADVANCE THE RELEASE OF
VICTOR FILMS

To shortly after March 1st, 1910, when all may be
informed of a steady supply of at least one reel per
week.

While preparing ourselves for this business, we
have been very thorough. Whole negatives that did
not satisfy us were destroyed and the subject re-photo-
ographed.

Right now we have on our shelves fifteen nega-
tives that have passed our severest criticism, and these
constitute our reserve stock.

In releasing film we will only make such copies as
we shall have orders for. This does away with the
possibility of securing "COLD COPIES" from us.

Write to us, want to convince you of our
sincerity.
